No Small Matter Screening

No Small Matter is the first feature documentary to explore the most overlooked, underestimated, and powerful force for good in America today: early childhood education. Through poignant stories and surprising humor, the film lays out the overwhelming evidence for the importance of the first five years, and reveals how our failure to act on that evidence has resulted in an everyday crisis for American families, and a slow-motion catastrophe for the country.

The film will be featured at the West Clermont High School auditorium TOMORROW NIGHT. The event begins at 4:30; the movie will be shown at 5:15.

All board members, staff, parents and community members are invited to attend.
