

TRANSPORTATION

West Clermont Local School District Your thoughts on redistricting

Will the children be able to get to school in a safe and timely manner. Their safety is key.

Your thoughts on redistricting

4.3 ★★★★★ (36)

Amount of time students are on the bus A student only living a few minutes from school should not be on a bus an unreasonable amount of time

Your thoughts on redistricting

4.1 ★★★★★ (32)

Please consider travel time These kids are young and spending an hour on the bus is too much!

Your thoughts on redistricting

4.0 ★★★★★ (48)

How long kids are on the bus They should not be on the bus more than 25-30 minutes

Your thoughts on redistricting

3.9 ★★★★★ (38)

Bus services, traffic, start times If school boundaries change, will that affect bus services, and the traffic for those that drop off their students, along with start times.

Your thoughts on redistricting

3.9 ★★★★★ (36)

Time students will be travelling to and from school should be as short as possible.

Your thoughts on redistricting

3.9 ★★★★★ (35)

I don't want to lose bus service Bus service allows for us to keep our work schedules.
Your thoughts on redistricting

3.9 ★★★★★ (33)

Proximity to new elementary school. Minimize early bus pick-ups and long bus rides.
Your thoughts on redistricting

3.8 ★★★★★ (47)

Time spent on the buses Kids should spend a short amount of time on their travel to and from school
Your thoughts on redistricting

3.8 ★★★★★ (47)

Bus ride times I'd like to see bus ride times reduced also. Currently we live 1 mile from the school but the bus ride is approximately 30 minutes.
Your thoughts on redistricting

3.8 ★★★★★ (35)

I think that the elementary school should service the communities closest to it and allow bus service within those families. For convenience of families to access and participate with their childrens education and involvement
Your thoughts on redistricting

3.8 ★★★★★ (33)

Location We shouldn't be forced to drive very far to pickup/drop off if bus service is not going to be provided
Your thoughts on redistricting

3.8 ★★★★★ (26)

Safest school for the children to get to and from. Child safety along with strong education is a should be of utmost importance
Your thoughts on redistricting

3.7 ★★★★★ (50)

Consider bus ride times for elementary

students. Less time on the bus *Your thoughts on redistricting*

3.7 ★★★★★ (48)

Bus Ride Times Kids should not be on a bus longer than 30 min. Currently my kids ride the bus for 45 min after school. *Your thoughts on redistricting*

3.7 ★★★★★ (38)

Traffic flow should be considered Clermont County is growing and changing with the work on the eastern corridor (see Go Clermont Facebook page). Traffic changes will affect housing. *Your thoughts on redistricting*

3.7 ★★★★★ (38)

Time kids are on a bus. It's ridiculous that I currently have children that do not arrive to our house until MORE than an hour after school is out for the day. *Your thoughts on redistricting*

3.7 ★★★★★ (37)

Putting bussing for the high school back on the ballot It is far to dangerous and too many accidents have happened this year.We need to explain the situation clearly on why it needs to pass. *Your thoughts on redistricting*

3.7 ★★★★★ (35)

Bussing With the later start and the extreme distance to proposed elementary, my children will spend a ridiculous amount of time in the bus *Your thoughts on redistricting*

3.7 ★★★★★ (26)

It makes sense to go to school at the closest school. Bus route time is an hour .That's too long twice a day. *Your thoughts on redistricting*

3.6 ★★★★★ (51)

Consider if the boundary changes will increase riding time/pick up and drop off times for the children. I wouldn't want them to have to be at the bus stop any earlier.

Your thoughts on redistricting

3.6 ★★★★★ (47)

Ease of Bus Routes Keeping Bus Routes short and direct are in the district's and community's best interest financially, traffic flow and children's good behavior.

Your thoughts on redistricting

3.6 ★★★★★ (47)

We are currently less than 3 mins from our school. This location matters bc it allows me to get my daughter on the bus and still get to work on time.

Your thoughts on redistricting

3.6 ★★★★★ (47)

Optimizing bus routes - the bus routes need to be considered before redistricting takes place. Busses, and more importantly, students, should not be passing elementary schools as they travel to their newly assigned school.

Your thoughts on redistricting

3.6 ★★★★★ (46)

The distance between home and school. To cut down on the amount of time kids are riding the bus. K-5 is a large age range and kids confined on a bus for a long period isn't always ideal.

Your thoughts on redistricting

3.6 ★★★★★ (45)

Bus safety School safety *Your thoughts on redistricting*

3.6 ★★★★★ (44)

Distance To make sure kids aren't spending too much time on the bus. *Your thoughts on redistricting*

3.6 ★★★★★ (36)

Size of student drop off area Lot must be big enough for buses and parents who drop off their kids *Your thoughts on redistricting*

3.6 ★★★★★ (36)

Bus routes Minimize bus time and less mileage *Your thoughts on redistricting*

3.6 ★★★★★ (33)

Commuting and how it will effect all those involved *Your thoughts on redistricting*

3.6 ★★★★★ (33)

Some children ride a different bus home to be dropped off at a grandparent/sitters house . If lines get redrawn and it puts houses that have always been with the same school in different schools it could be very difficult. *Your thoughts on redistricting*

3.6 ★★★★★ (28)

Transportation With overcrowding on busses now, the focus will be on more busses per route to alleviate the strain on kid/seat ratio *Your thoughts on redistricting*

3.5 ★★★★★ (50)

Considering traffic flow and peak travel times with communities and boundaries. Working parents need literal pathways to make school drop off and work arrival a smooth process. *Your thoughts on redistricting*

3.5 ★★★★★ (49)

Duration of the bus commute. Not have small children on bus for extended time or too early in the morning *Your thoughts on redistricting*

3.5 ★★★★★ (38)

Distance Time frame change and length of riding the bus. *Your thoughts on redistricting*

3.4 ★★★★★ (50)

More busing Kids may get off at 3:55 but do not arrive at home till 5pm.hour on a bus ride is a long time due to the amount of kids on said bus. Look into bussing *Your thoughts on redistricting*

3.4 ★★★★★ (49)

Traffic impact. Flow of traffic near all schools. This is always a concern. How will traffic improve or will start/end times need to be evaluated *Your thoughts on redistricting*

3.4 ★★★★★ (47)

Busing *Your thoughts on redistricting*

3.4 ★★★★★ (36)

Distance For timely bussing and community participation *Your thoughts on redistricting*

3.3 ★★★★★ (52)

Time spent in transit Less time spent riding the bus *Your thoughts on redistricting*

3.3 ★★★★★ (51)

Traffic and pick up/drop off My daughter attends Clough Pike and it can get pretty backed up. By combining schools this could get a lot worse. *Your thoughts on redistricting*

3.3 ★★★★★ (49)

Transportation and bus service. There are a lot of parents that are struggling with getting their child, or multiple children, to and from school. Especially multiple schools! *Your thoughts on redistricting*

3.3 ★★★★★ (49)

Concerns with increasing the amount of time children are spent on the bus Our bus currently has issues with behavior due to the long route and it concerns me to have one adult in charge of driving and student conduct

Your thoughts on redistricting

3.3 ★★★★★ (48)

Bussing We already don't have bussing for my high schooler after the Amelia Glen Este combo. Will a similar issue occur with the elementary change? *Your thoughts on redistricting*

3.3 ★★★★★ (46)

Bus service I rely on bus service *Your thoughts on redistricting*

3.3 ★★★★★ (39)

Bus ride times *Your thoughts on redistricting*

3.2 ★★★★★ (50)

Minimize transportation (bus) stops within the district to a convenient location within each neighborhood for each stop. Reducing the overall transportation time and expands the service area due to more time. Reduces emissions as well. *Your thoughts on redistricting*

3.2 ★★★★★ (39)

Bus service is needed now for the high school!! And when they built the new High School they knew ahead of time that it wouldn't be big enough due to The expected increase of students *Your thoughts on redistricting*

3.2 ★★★★★ (33)

Transportation and distance If the commute to the new school is longer, it could impact transportation for car riders. *Your thoughts on redistricting*

3.2 ★★★★★ (30)

proximity to school - reduce bus time *Your thoughts on redistricting*

3.2 ★★★★★ (20)

Travel Time from House to Elementary *Your thoughts on redistricting*

3.1 ★★★★★ (51)

Commute time to school. *Your thoughts on redistricting*

3.1 ★★★★★ (50)

Traffic is ridiculous now Look at the areas the elementary schools are in and plan now for additional cars and complaints. Get county to widen roads and add sidewalks. *Your thoughts on redistricting*

3.1 ★★★★★ (50)

Convenience/bussing My 7yo cannot ride the bus home because there's no bussing for my 14 yo. No one's home. If the school moves away from my home, we will consider moving. *Your thoughts on redistricting*

3.1 ★★★★★ (46)

I feel bussing would help alot Bussing will eliminate the my car wont start,flat tire, no gas excuse for children missing or being late.

Your thoughts on redistricting

3.1 ★★☆☆ (46 👤)

Busing for students if they do not go with their new school boundary should not be offered by the school district. Busing is costly and with new / needed school boundaries, it is bound to remain an expense. *Your thoughts on redistricting*

3.1 ★★☆☆ (37 👤)

Roads that get treated in winter weather Being able to safely get to a building *Your thoughts on redistricting*

3.0 ★★☆☆ (50 👤)
